

## **Create the period look with Cannock Gates**

8<sup>th</sup> September 2008...To recreate that authentic period look, take inspiration from your home and make a statement with a drive gate from Cannock Gates.

From the ornamental ironwork of the Victorian period to the ecclesiastical details of Georgian design, a drive gate creates a grand entrance to your home and helps achieve that same impressive presence typical of stately homes of bygone eras.

Cannock Gates offers the UK's largest range of wooden gates and wrought iron style gates and railings. The extensive range includes garden gates, side gates, drive gates, estate gates and field gates in over 750 standard size/style combinations. A bespoke service is also offered, meaning you can choose a style and size of gate or railing to perfectly suit your home.

Most pairs of gates are suitable for automation, with a choice of above and below ground hydraulic systems and electromechanical systems, some designed for easy DIY installation.

An installation service is available for gates, railings and automation.

Operating for over 25 years, the Cannock Gates ethos is based upon traditional manufacturing methods and skilled craftsmen.

All Cannock Gates products are PEFC certified and are produced in ways which do not damage ancient forests, harm wildlife or jeopardise the future of the people whose lives depend on the forest.

For further information please call 01543 462500 or visit the Cannock Gates web site
