

## **Spring clean your home with a new Cannock Gate**

22<sup>nd</sup> October 2008... We all know that Spring is a good time to clear those cobwebs away and give the inside of your home a good clean and clear-out but what about the outside? Extending your spring clean to the exterior of your property is a great idea and refreshes the look of your whole home!

New hanging baskets, re-doing the flower beds in the front garden, sweeping your front path and cleaning your exterior window sills are all great ways of smartening up the front of your house this spring. Another great way to give the outside of your home an instant new look is with new drive gates from Cannock Gates.

So whether you prefer the clean modern lines of the 21<sup>st</sup> Century or the ornate detail of the Victorian era, Cannock Gates offers a range of gates to suit all tastes and property styles.

Cannock Gates offers the UK's largest range of wooden gates and wrought iron style gates and railings. The extensive range includes garden gates, side gates, drive gates, estate gates and field gates in over 750 standard size/style combinations. A bespoke service is also offered, meaning you can choose a style and size of gate or railing to perfectly suit your home.

Most pairs of gates are suitable for automation, with a choice of above and below ground hydraulic systems and electromechanical systems, some designed for easy DIY installation.

An installation service is available for gates, railings and automation.

Operating for over 25 years, the Cannock Gates ethos is based upon traditional manufacturing methods and skilled craftsmen.

All Cannock Gates products are PEFC certified and are produced in ways which do not damage ancient forests, harm wildlife or jeopardise the future of the people whose lives depend on the forest.

For further information please call 01543 462500 or visit the Cannock Gates web site – [www.cannockgates.co.uk](http://www.cannockgates.co.uk)
